# Foreword

The annual NUSH CCA Fair has always served as a vibrant testament to the diverse talents and passions that flourish in our school community. In this e-brochure, we invite you to embark on a journey, as a supplement to the displays in physical space, to provide you with a glimpse into the rich tapestry of opportunities that our myriad of CCAs offer.

As you navigate through these pages, consider this not just as an informational guide but rather a personalised roadmap to discover your passions and potential. Take the time to explore each CCA, embrace the spirit of curiosity, and seize the opportunities laid out before you. Do understand the expectations of each CCA, and consider how you want it to intertwine with your life, be it participating in events and competitions or simply acquiring a new skill. This self-awareness will help you in making informed decisions.

Each CCA is a unique door to a world of endless possibilities. Let your choices be guided by a vision that extends beyond the immediate to shape a purposeful and fulfilling journey ahead. We hope your CCA journey, akin to an intricate ecosystem, unfolds with richness, adaptability and growth.

Good luck and happy selection!

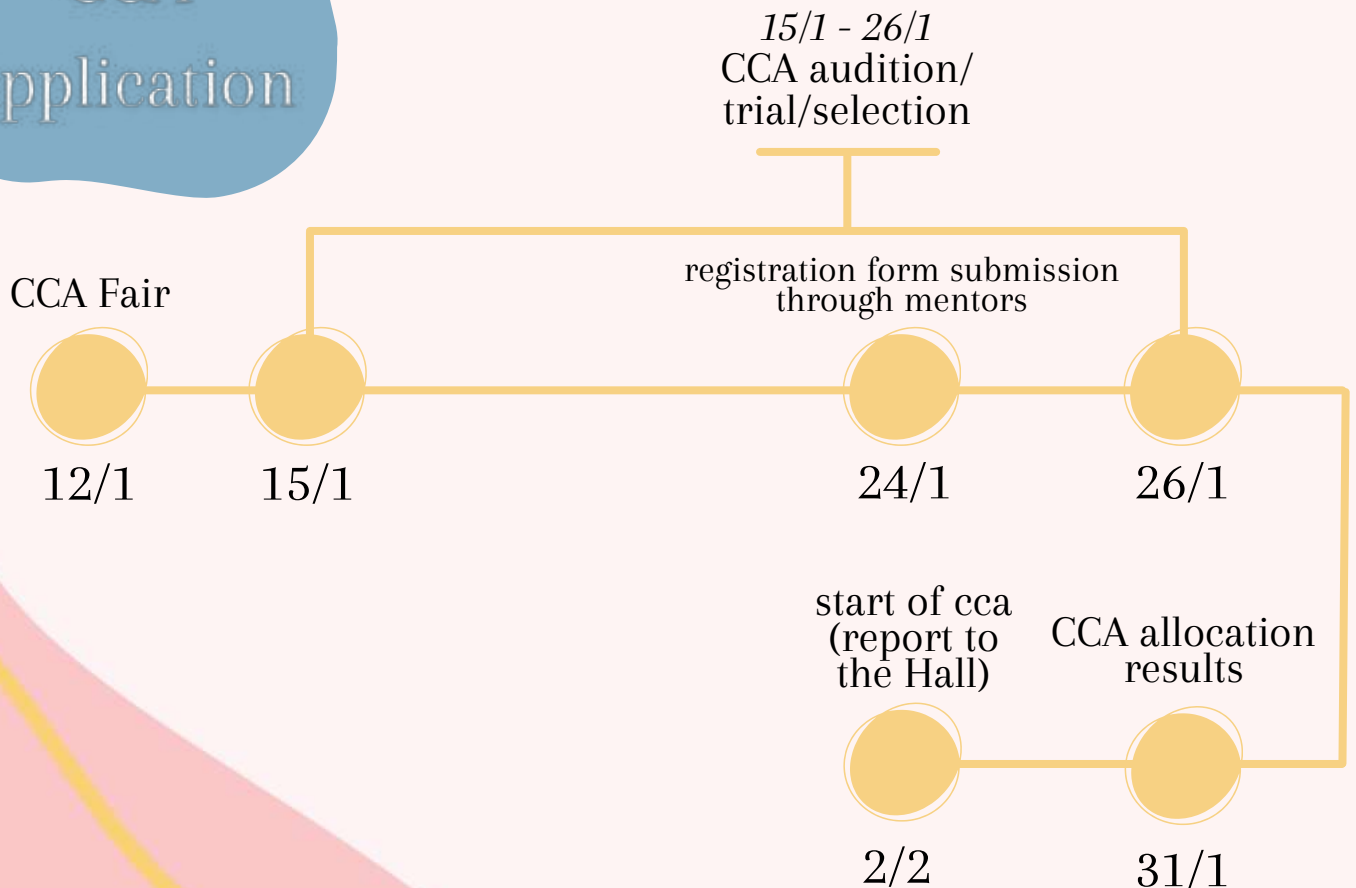

With love,  
NUSH Journalism Club  
(on behalf of all CCA groups!)
