

The NUS High School is a specialized school offering a seamless 6-year programme to students between the ages of 12+ and 18 years and who have an aptitude for Mathematics and Science. We invite suitable applicants for the following position:

ADJUNCT TEACHER in the following subject: **Biology**

We are looking for candidates who possess a relevant professional teaching qualification (or equivalent) and:

- have a passion in biology and can inspire students to love the subject via teaching and role modelling
- can participate and contribute to the planning, development and teaching of an integrated curriculum in biology
- are effective within and outside the classroom, adopt innovative pedagogies such as IT-enabled learning, differentiated learning, collaborative learning and learner focused interaction
- are able to provide for the learning needs and character development of high ability learners ranging from 15 to 18 years of age

Requirements:

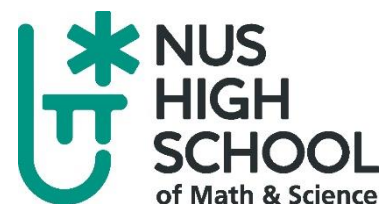

- Competent in teaching Biology up to A-level H2 content.
- Enthusiastic and passionate about teaching Year 3 to Year 6 students.
- Research work experience is desirable - able to teach relevant laboratory skills and guide students in molecular genetics practicals.
- Fieldwork experience is advantageous – able to chaperone students during the ecology field trip to an offshore island in August.

Employment Terms:

One-and-a-half-year contract, subject to renewal.

Remuneration will be commensurate with qualifications and experience. Interested applicants, please write in or email your detailed resume latest by **30 September 2025** to:
