

The NUS High School is a specialized school offering a seamless 6-year programme to students between the ages of 12+ and 18 years and who have an aptitude for Mathematics and Science. We invite suitable applicants for the following position.

## LABORATORY SPECIALIST (PHYSICS)

You will be working with a team of Physics laboratory specialists for management, operations and general maintenance of department work areas and facilities, including the smooth running of Physics laboratories and preparation of Physics practicals. You will provide support and collaborate with members of the team/department in teaching and learning, assessment, competitions and department activities.

### Requirements:

- At least a recognized diploma in a related discipline.
- Relevant experience and knowledge in the operations of Physics laboratories in a school or an educational setting, including risk and safety management, and financial/procurement compliance.
- Strong analytical, problem-solving, and technical skills, including equipment maintenance.
- Committed to quality assurance - good organizational and record-keeping abilities.
- Good communication skills are desirable.
- Adaptable, meticulous, pro-active and good team player.

Remuneration will be commensurate with qualifications and experience. Interested applicants, please email your detailed resume to [hr@highsch.nus.edu.sg](mailto:hr@highsch.nus.edu.sg) by **17 April 2026**.

*Only shortlisted candidates will be notified.*
